

MY RAMADAN EXPERIENCE

I know during this pandemic of Covid-19
It is very difficult to describe the experience.
But I am sure everyone has great feelings during
Ramadan

Yet it is not the same this year for me or you.

It is always blessed but is unique this time.

We offer Prayers at home in congregation

Especially the Jummah Prayer.

Reciting the Holy Quran is making me nearer

To Allah Almighty more than before

We have more time; love and words to share with
family

We are praying a lot for life to return to how it
was before

So everyone can see their loved ones. Ameen
