## WHAT IS SHAWWAL FAST?

This is a voluntary fast. One may keep this fast for 6 days during the Islamic month of Shawwal (the lunar month after Ramadan)

The Holy Prophet Muhammad <sup>saw</sup> is reported to have said that "whosoever keeps the Shawwal fast will be rewarded as if they have fasted perpetually."

Sahih Al-Muslim

## PEARLS OF WISDOM

*"If we continue the good actions, we practiced during Ramadan, it can be said that we will truly be celebrating Eid and the joy we feel today will encompass the rest of the coming year. This is the true purpose of Eid. Otherwise, if you do not understand this true purpose of Eid, merely dressing up, having nice food, meeting with friends and making plans for the day are meaningless."*
