"Sentiments of a new convert lady from Africa how said that after listening to his Holiness(atba) addresses, it is clear that we must not become Ahmadi only to convert others to Ahmadiyyat. Rather we must reform ourselves so that people in society may see the true image of Islam through our conduct."

Jalsa Salana- The Annual Convention

Huzoor^(aba) mentioned some of the major **purposes of the Jalsa:**
first, that the love of material things of this world should vanish from our hearts;
second, that we should be totally immersed in the love of the Holy Prophet^(sa) for this is the only means to attain the love of Allah;
third, that we should try our best to serve our fellow beings.

Other things mentioned with respect to the Jalsa are that the new comers to the Community may meet their brothers who had joined the community earlier. Also, that we should pray for those dear ones who had departed during the previous year.
